(b) if so, the number of such camps being organized country-wise;

(c) the average trainees being trained in each camp; and

(d) the measures being taken by Government to close such camps?

THE MINISTER OF STATE IN THE MINISTRY OF EXTERNAL AFFAIRS (SHRI RAO INDERJIT SINGH): (a) to (d) **Pakistan and PoK:** A number of terrorist camps exist in Pakistan and PoK. The Government has, in its interaction with Pakistan at all levels, continuously stressed the fact that Pakistan has so far not taken any significant action to dismantle the infrastructure of support to terrorism, such as launching pads, training camps, communications, funding, etc. The Government have always made it clear that the India - Pakistan dialogue process can be sustained only in an atmosphere free from terrorism and violence and is critically dependent on the fulfilment of January 6, 2004 commitment of President Musharraf not to permit any territory under Pakistan's control to be used to support terrorism in any manner.

Bangladesh: Bangladesh is known to have Indian insurgent groups' (IIGs) camps on its soil. A list of 172 camps of IIGs was handed over by Director General, BSF to DG, Bangladesh Rifles (BDR) during their meeting in September/October 2005. The issue has been frequently taken up with the Government of Bangladesh at all levels, including the highest political level. We have been assured by the Government of Bangladesh that they would not allow their territory to be used for activities inimical to India.

Nepal: As far as Nepal is concerned, there is no information regarding the existence of any training camps organized by terrorists on the Nepalese territory.
